

COVID-19 BEHAVIOUR AND DISCIPLINE POLICY ADDENDUM PLEASE NOTE:

This guidance is to be followed by the whole school community* in conjunction with other relevant government and school safeguarding policies and procedures.

At Greenholm we make every effort to ensure that we use positive behaviour management strategies. However, as you can appreciate, we are in a situation where pupils may be more vulnerable. If the behaviour of a pupil compromises their own safety or that of others, positive handling may be used and the pupil may be excluded for a fixed term.

All pupils should continue to adhere to the principles outlined in the Greenholm Behaviour Policy.

The school will be open to pupils according to government guidelines.

In particular, pupils should adhere to the following:

1. Be respectful and kind to all.
2. Stay safe and act in a responsible manner at all times.

This also applies when online.

Learning via email or any other platform is important, however any inappropriate behaviour or comments whilst online could result in a referral to the police.

If pupils are interacting with teachers via online lessons, they need to remember the following:

- Pupils' behaviour and comments should be exemplary, reflecting how they would behave in a lesson in school.
- Pupils should address teachers and refer to peers, as they would do in a classroom setting.
- If any pupil behaves inappropriately, in what they say or write, they could be banned from any future online lessons.
- Parents need to support their child's learning by supporting the teachers in line with the 'Parent and Visitor Code of Conduct'
